Hat pattern

Amigurumi Designs
by Dani

Materials:
2.5mm crochet hook.
Scheepjes Stone Washed 806 Canada Jade. (35 gr)
20mm golden bell.
Scissors.
Yarn needle.

The gnome pots are available as a paid pattern on my website.

The gnomes with hat are approx. 16cm high.

Extra information:
If you still need to crochet the gnome pots, and you want to always use them with a hat to have a hidden jar, I recommend to only crochet round 1 - 37 of the gnome body.

Do you also want to use the gnome without the hat to use it as a planter pot etc.? Crochet the whole body of the gnome.

Did you already crochet the gnomes with their whole body? No problem! Just fold the hat edge of the body to the inside of the jar.

Yarn information:
Do you use other yarn?
This can affect the size of the amigurumi.

Fasten off, weave in the tail.
Sew the golden bell on the end of the hat with a piece of Stone Washed 806 yarn.
Slide the hat over the gnome pot and fold it to the side as seen on the picture. Did you choose to
crochet the whole body of the gnome? Fold the hat edge of the body to the inside in/on the jar.
Attach the folded hat together if needed with a pin, after a little while it will keep its shape.
